BRON 150P PIPELAYER

**SELF-PROPELLED
SIDEBOOM FOR PIPELINE
INSTALLATION**

the Power to Perform

RWF BRON 150P

...the Power to Perform

The BRON 150P self-propelled Pipelayer is designed to perform efficiently in difficult, sensitive conditions. The 150P features full hydrostatic drive that gives the operator full control of track speed and critical link controls for sensitive hands-on sideboom operation. The 150P features a 200 h.p. Cummins diesel powertrain that gives you the power you need for operational efficiencies even in the toughest conditions. Tractor components include full hydrostatic two speed automatic drive, Sunstrand hydraulic motors and pumps, 80 gallon fuel capacity for up to 12 hours full load operation and a 65 gallon hydraulic tank. The BRON 150P is designed to maintain optimum performance in the toughest terrain with only 6.6 p.s.i. ground pressure.

The sideboom has a standard lift of 30,000/40,000 lbs. and comes fully equipped with a 2 speed planetary load line winch, single speed planetary boom winch and a 5,000 lb. counterweight.

The 150P sideboom weighs 35,000/37,000 lbs. fully loaded with sideboom and counterweights, with a maximum overall length of 133.5", outside track width of 110", the BRON 150P is easy to load and unload in even the toughest on-site conditions.

Features

- **Engine:**
200 h.p. Cummins /CAT (150 kw)
- **Ground Pressure**
Std. 30" - 6.6 psi. (.76 m 45.5 kPa)
- **Rollers per Side**
6
- **Outside Track Width**
Std. 110" (2.79 m)
- **Track Drive:**
Hydrostatic 2-speed automatic
Variable speed
- **Fuel Tank:**
80 gallons (302 litres)
- **Hydraulic Tank:**
65 gallons (246 litres)
- **Hydraulics:**
3 Pumps (1 per track -1 side boom)
3 function control valve
- **Sideboom:**
5,000 lb. counterweight (2268 kg)
2-speed planetary load line
Single-speed planetary boom hoist winch
20' boom length (6.1 m)
30,000/40,000 lbs. at 4'
(13608/18144 kg at 1.22m)
- **Weight:**
Approx. 35,000/37,000 lbs.
(15880/16800 kg)
- **General Dimensions:**
overall length: 133.5" (3.391 m)
overall height: 107" (2.718 m)
overall width: 135.5" (3.442 m)

NOTE: All dimensions and capacities are preliminary and are subject to modification.
